

ARVID EDENHEIM

Education

201508 - 2020 Linköping University (Planned)

MSc in Industrial Engineering and Management.

Technical orientation: Computer science.

Master's: Artificial Intelligence and Machine Learning.

Master's: Logistics.

201708-201801 National Central University, Taiwan

Exchange semester.

Included courses in machine learning, database engineering, digital systems and operations management.

201108-201406

Science program • Stiernhööksgymnasiet, Rättvik

Professional Experience

201809 - We Know IT, Linköping

Web and Application development.

201804 - Sole Proprietorship, Arvid Edenheim

Web development and programming.

200905 - 201808 Rättviks Slalombacke och Sommarrodel

Small company which required a substantial degree of individual initiatives. Greatly varying responsibilities:

Receptionist, technical maintenance, lift, ski instructor. The varying tasks enabled me to develop skills in a multitude of areas, i.a. service, customer interaction and practical problem-solving.

201406 - 201608 Hemköp, Rättvik

Salesperson with responsibilities regarding the daily opening and closing of the store. Regular customer interaction.

Demanded a high level of stress hardiness and an orderly work procedure.

My name is Arvid Edenheim, 23 years old. With a great interest in technology, mathematics, economy and **programming**, I persistently search for new opportunities to grow.
